

# Miseria Cantare - The Beginning

[AFI](#)

Love your hate, your faith lost  
You are now one of us Love your hate, your faith lost  
You are now one of us Nothing, from nowhere, I'm no one at all  
Radiate, recognize one silent call  
As we all form one dark flame  
Incinerate Nothing, from nowhere I'm no one at all  
Radiate, recognize one silent call  
As we all form one dark flame  
As we all form one dark flame  
As we all Love your hate, your faith lost  
You are now one of us Love your hate, your faith lost  
You are now one, one of us
