

# Best Thing I Got

Sabrina Carpenter

So what if I just wanna be a little bit out of my mind  
I let you take my heart and I like it  
So what if I have been to be  
A little bit out of my mind  
I better steal your heart and you'll like it And I don't think it's any kind of secret  
I feel you from a million miles away And your love is the best thing that I got  
And it's only just begun, but it's never gonna stop  
It's the best thing, the best thing that I got I know sometimes it seems like I  
I'm just a little bit behind  
I get back on the beat and you know it  
And sometimes I can tell that I  
I'm just a little out of time  
I make you skip a beat and I know it But I don't think it's any kind of secret  
I think of you a billion times a day And your love is the best thing that I got  
And it's only just begun, but it's never gonna stop  
It's the best, the best thing that I got So don't feel lonely tonight  
You know I'll never be hard to find  
So don't go out of your mind (your mind)  
You know I'll never be too hard to find I know sometimes it seems like I  
I'm just a little bit behind  
I get back on the beat and you know it Your love is the best thing that I got  
And it's only just begun but it's never gonna stop  
It's the best thing, the best thing that I got (best thing that I got)  
Your love (best thing that I got) is the best thing (best thing that I got)  
And it's only just begun (best thing that I got)  
It's the best thing
