All That Love

Rudimental

What do you do when all that you have
Only leaves you wanting more?
Where do you go when everywhere feels
Like where you've been before?Tell me if you know the feeling
Tell me if you feel the pain
Tell me if you know the feeling
Tell me if you feel the sameYou got all that love with nowhere to go
You can't get no release
All that love you were ready to blow
On something you've never seen
Say you're gonna spend it, say you're gonna spend it
Say you're gonna spend it with me
Say you're gonna spend it, say you're gonna spend it
Say you're gonna spend it with meWhat do you do when you get scared
Of the world outside your door?
You've been to hell and made it back
There's nothing left to hurt you moreTell me if you know the feeling
Tell me if you feel the pain
Tell me if you know the feeling
Tell me if you feel the sameYou got all that love with nowhere to go
You can't get no release
All that love you were ready to blow
On something you've never seen
Say you're gonna spend it, say you're gonna spend it
Say you're gonna spend it with me
Say you're gonna spend it, say you're gonna spend it
Say you're gonna spend it with meSinging, singing
Singing
Singing, singing
SingingAll that love with nowhere to go
You can't get no release
All that love you were ready to blow
On something you've never seen
Say you're gonna spend it, say you're gonna spend it
Say you're gonna spend it with me
Say you're gonna spend it, say you're gonna spend it
Say you're gonna spend it with me
