Hovering

[Miley Cyrus](#)

Sometimes I wonder, if everything changed
How would we make out?
And now suddenly thunder, and everything changed
There's this big dark cloud, hoveringHovering, hovering, hovering
You always said that we'd make it through
Trembling, stumbling, fumbling
For the words that say that I'm leaving you, I'm leaving youWe go through the motions like everything's settled
But it's inside out and it makes us uncomfortable
Still holding on when there's all this doubt, hoveringHovering, hovering, hovering
You always said that we'd make it through
Trembling, stumbling, fumbling
For the words that say that I'm leaving you, I'm leaving youAnd maybe we're just older
(Older)
Just a little older
(Older)
'Cause the fact that this is over
The fact that this is over with you thenHovering, hovering, hovering
You always said that we'd make it through
Trembling, stumbling, fumbling
For the words that say that I'm leaving you, I'm leaving youTrembling, stumbling, fumbling
For the words that say that I'm leaving you
You always said that we'd make it through
You always said that we'd make it through
