Black silence and tasty souls.. we shouldnÂ´t go there..
Red lights and scary signs.. we shouldnÂ´t be there..
SheÂ´s calling us in.. blessing the sound.. making us all wanna leave this ground..

Concede.. sheÂ´s forcing our souls just to be around..
Concedeâ€¦ hate to leave would rather play along..
And nobody else would hate that sound..

Red alarms and four locked doors.. we couldnÂ´t feel her
The devil on the shoulder and the angel beside.. the road is out there..
SheÂ´s calling us in.. blessing the sound.. making us all wanna leave this ground..

Concede.. sheÂ´s forcing our souls just to be around..
Concedeâ€¦ hate to leave would rather play along..
Concede.. sheÂ´s forcing our souls just to be around..
Concedeâ€¦ hate to leave would rather play along..
And nobody else would hate that sound..

Concede.. sheÂ´s forcing our souls just to be around..
Concedeâ€¦ hate to leave would rather play along..
Concede.. sheÂ´s forcing our souls just to be around..
Concedeâ€¦ hate to leave would rather play along..
And nobody else would hate that sound..
