Always

Last Dinosaurs

I'm thinking deeper now that my eyes are red

Breathing in the clouds cause I'm over it

There is nothing I have to answer for

'Cause I am not fazed by it anymore

Will you ever know the truth hidden from yourself

Keep your heart away for your mental health

'Cause I know you understand how it goesIt's the only time of day I'm always

It's the only thing I feel that's always

If or only you could feel this with me

Maybe you would change your mind and tell meI'm counting down the days 'til you realize

You can't pretend to know without open eyes

Take this chance to understand how it goesIt's the only time of day I'm always

It's the only thing I feel that's always

If or only you could feel this with me

Maybe you would change your mind and tell meShe pulled me in and said:

Oh darling you're right

You need to fix yourself

I thought I told you last time

I'm going back again

You can't change my mind

You never made no senseIt's the only time of day I'm always

Its the only thing I feel that's alwaysIt's the only time of day I'm always

It's the only thing I feel that's always

If or only you could feel this with me

Maybe you would change your mind and tell me
