

She Is Not Dead

[Adrian Belew](#)

Come singing, saying praise
Her beauty lives
Come singing, saying praise
Her beauty livesCome singing, saying praise
Her beauty lives
She is not deadAlthough I must walk alone
I am part of her
If I must hurt anything
It will not be herCome singing, saying praise
Her beauty lives
She is not deadWhat happens to her
Happens to me
What happens to her
Happens to meAlthough I depart alone
From our great earth
She has given more
Than I can returnCome singing, saying praise
Her beauty lives
She is not deadCome singing, saying praise
Her beauty lives
She is not deadCome singing, saying praise
Her beauty lives
She is not deadCome singing, saying praise
Her beauty lives
She is not dead
