Boss Hoss

The Nomads

Just bought myself a new set of wheels
My folks helped me swing the deal
Believe me buddy I'm no fool
I got the money working after school
It's a move in this car and I've never lost, 'cause

It's a real boss hoss
Real boss hoss
It's painted in turn on red
Girls see it and it knocks 'em dead
I get around just everywhere
People stop and say lookie there
I get all the honeys and I've never lost, cause

It's a real boss hoss
Real boss hoss
It really moves and
Everybody's losing
It has never lost
Oh yeah oh yeah
'Cause it's a real boss hoss

It really moves and
Everybody's losing
It has never lost
'Cause oh, oh oh
Waooh it's a real boss hoss
Everybody is so jealous at me
One look and you can see
With this car I just can't lose
Don't you ever try to choose
It's a move in this car and I've never lost 'cause

It's a real boss hoss
Real boss hoss
It's a real boss hoss real boss hoss
Real boss hoss
