

Let You Break (feat. Leigh Nash)

William Fitzsimmons

To cut out the figure
The grounding of this
Let melancholic drown To greener reminders
Of better pastures
You're beautiful and found Embattled walls that I have raised
To only bring you down
A fortune I would gladly trade
To swim within the sound I wish you would
I wish you would I will never, I will never
I will never let you break
I will never, I will never
I will never let you break The burn of the summer
When I first saw you
Still upon my brow The gentle refusal
The fear you flourish
Let peel away from now The red that I have run so long
The penchant for this flight
The memory of this overcomes
Lifting now to light I wish you would
I wish you would I will never, I will never
I will never let you break
I will never, I will never
I will never let you break I will never, I will never
I will never let you break
I will never, I will never
I will never let you break
