Show Me How To Move

The Elwins

If I had anyone to hold onto
If I had anyone for a day
We could be out of here
Out of town and back aroundOoo-Ooo, Ooo-Ooo
Ooo-OooCha-cha in my room to the a-side
Dancing slow thinking of you
Right now I have to know
If I should let you goOoo-Ooo, Ooo-Ooo
Ooo-OooStep close to me
See where the pieces meet
Glide along endlesslyI know it to death (?)
I've made up my mind
Show me how to move
Show me how to move
You're spinning me round
Can't tell up from down
Show me how to move
I'm crying out to youLooking down at my wrist for an answer
Pony tails, gonna say like past nine (?)
Turn around its clear you know
That I won't let it goOoo-Ooo, Ooo-Ooo
Ooo-OooTicking clocks gotta stop, stop trailing me
(?)
All the way from to the church to the cemeteryOoo-Ooo, Ooo-Ooo
Ooo-OooStep close to me
See where the pieces meet
Glide along endlesslyI know it to death (?)
I've made up my mind
Show me how to move
Show me how to move
You're spinning me round
Can't tell up from down
Show me how to move
I'm crying out to youMiddle of the floor
I had it all
Just enough time to prove
That what was in my head
Could be shaking, dance to death
Let reason to take a restShow me how x 8I know it to death (?)

I've made up my mind
Show me how to move
Show me how to move
You're spinning me round
Can't tell up from down
Show me how to move
Show me how to moveI know it to death (?)
I've made up my mind
Show me how to move
Show me how to moveMaking this a space
Out of something new
Show me how to move
I'm crying out to you
