

Bedroom

Joe

Yo, Shakespeare we got to take this from the [Incomprehensible], baby
My desire start a fire right here in this
bedroom

No attire is required right here in this bedroom

You'll find your pleasure like hidden treasure right here in this bedroom

I do my duty to that booty right here in this bedroom
You want me to break you off

(I'll do it)

You want me to take it off

(I'll do it)

You want to do the things that make you scream

When I'm in between

(I'll do it) You heard, I be actin' wild

(Come see me)

You wanna peep my style

(Come see me)

So baby, let's be clear it goes up a gear

When I get ya here

(Believe me) So, baby come spend the night in ecstasy

Girl, meet me in the bedroom

(I touch, you saw your clothes comes off)

Let's fulfill your fantasy

Just meet me in the bedroom

(If walls could talk, they'd tell it all) Do what you feel like if it feels right, right here in this bedroom

I'll be twistin' your ignition right here in this bedroom

And I want you to know that it's cool to just relax

And let the room take control, girl, let it go, let it go
You want me to break you off

(I'll do it)

You want me to take it off

(I'll do it)

You want to do the things that make you scream

When I'm in between

(I'll do it) You heard, I be actin' wild

(Come see me)

You wanna peep my style

(Come see me)

So baby, let's be clear it goes up a gear

When I get ya here

(Believe me) So, baby come spend the night in ecstasy

Girl, meet me in the bedroom

(I touch, you saw your clothes comes off)

Let's fulfill your fantasy
Just meet me in the bedroom
(If walls could talk, they'd tell it all) Love the way you get when I just touch you there
I'm 'bout to turn it up' it's gon' get real hot in here yea
Even if they call the cops' we ain't gon' stop
Surely we gon' rock this bed like after shocks So, baby come spend the night in ecstasy
Girl, meet me in the bedroom
(I touch, you saw your clothes comes off)
Let's fulfill your fantasy
Just meet me in the bedroom
(If walls could talk, they'd tell it all) So, baby come spend the night in ecstasy
Girl, meet me in the bedroom
(I touch, you saw your clothes comes off)
Let's fulfill your fantasy
Just meet me in the bedroom
(If walls could talk, they'd tell it all) Come spend the night in ecstasy
Girl, meet me in the bedroom
(I touch, you saw your clothes comes off)
Let's fulfill your fantasy
Just meet me in the bedroom
(If walls could talk, they'd tell it all)
