Love Goes Out In a Circle!

Fred Ellis

(Chorus)
Love goes out in a circle,
Send the word out when you are able.
Send it on a flight to a sky of blue
so it will echo right back to you.(Verse)
Everybody in the world
wants some love
love can stop the suffering
and start the healing.
Wont you spread the word of love
the word has a wonderful sound.
Shout it out and let is twirl
around the world!(Chorus)(Verse)
Person to person is the way the word spreads
Its so easy for love to be said.
Wont you spread the word of love
The word has a wonderful sound.
Shout it out and let is twirl
around the world.(Bridge)
I want to be in that circle
I want to spread the word of love too!
Its so simple to say I Love You!(Verse)
You can be a part of spreading the word of love
Sing this song so you can be heard
Wont you spread the word of love?
The word has a wonderful sound.
Shout it out and let it twirl
Around the world!
