

Handle Your Business

JS & Ronald Isley

I really enjoy ya
Just hangin' out doing things
I got a lot of love for ya
No games ain't nothing changed Now why ya wanna call my cell
Talkin' 'bout love me or leave me alone
Girl, you knew from the gheto
So whatcha leave this message for It's been a while and this ain't my style
If it's gonna be, then let me know
If not then, let me go right now
If you want my love, baby, handle your business
If it's not about us, there's no sense in chillin', chillin'
If I'm what you want
Let's start billin'
'Cuz whenever your around, I get this feeling, feeling
(Kandi Johnson-Isley)
Baby, you must not know what love means
'Cuz if you did, you wouldn't do these things
Love ain't always getting in my jeans
But that's all you wanna do, it seems What about deep conversation?
Sharing secrets, being there for one another
When the other needs it, you say you love me and I don't believe it
That's why I have to call and say (Kandi+Kim)
It's been a while and this ain't my style
If it's gonna be, then let me know
If not then, let me go right now
If you want my love, baby, handle your business
If it's not about us, there's no sense in chillin', chillin'
If I'm what you want
Let's start billin'
'Cuz whenever your around, I get this feeling, feeling
(Kandi)
Ronald, make up your mind
(Ronald)
Oh Candy, say can I take my time, baby
(Kandi)
C'mon boy you're wasting time
(Ronald)
Girl, I want you in my life, baby
(Kandi)

Right now boy you gotta choose

(Ronald)

Ooh you got me so confused

(Kandi)

I love you

(Ronald)

I love you too, girl

(Kandi)

If that's true, you know what you gonna do If you want my love, baby, handle your business

If it's not about us, there's no sense in chillin', chillin'

If I'm what you want

Let's start billin'

'Cuz whenever your around, I get this feeling, feeling If you want my love, baby, handle your business

If it's not about us, there's no sense in chillin', chillin'

If I'm what you want

Let's start billin'

'Cuz whenever your around, I get this feeling, feeling Love you, baby, you know I love you, baby

And you know I love you

You drive me crazy

You drive me crazy
