

Tip of My Tongue

Kelly Clarkson

Never saw 'I love you' as a trend
'Cause I don't really work like that
I mean what I say when it leaves my lips, oh Nothin' you could say would change my heart
'Cause I don't really love like that
If you'd only let me in I'd show ya but I'm tired of workin' so hard You keep pushin' me away
Tearin' down your walls is forcing me to break
Don't know what to say, will you ever let me in? It's hard for me to pretend
So tell me what you wanna do?
Tell me is there any other way? 'Cause goodbye's on the tip of my tongue
Tell me there's a reason to stay 'cause I'm about to get up and run
Better think about the words you say
If you don't wanna end up alone Tell me is there any room for me?
'Cause when it's all said and done babe, I'm tired of singin'
Goodbye's on the tip of my tongue
Goodbye's on the tip of my Never confuse me with where you've been
'Cause I don't really work like that
If I'm holdin' you then I'm all in, in I know you're scared, yeah you've been burned
But I won't ever hurt you like that
If you'd take a chance I'm not like them, them, them Give and get nothin' in return
You don't seem to care, you're not the only one who hurts
Tell me is there any other way? 'Cause goodbye's on the tip of my tongue
Tell me there's a reason to stay 'cause I'm about to get up and run
Better think about the words you say
If you don't wanna end up alone Tell me is there any room for me?
'Cause when it's all said and done babe, I'm tired of singin'
Goodbye's on the tip of my tongue
Goodbye's on the tip of my tongue
Goodbye's on the tip of my tongue
Goodbye's on the tip of my Why you gotta pull away? Pull away and leave me hangin'
Why you gotta make me say?
Don't make me say what you've been thinkin' all along Goodbye's on the tip of my tongue
I'm about to get up and run 'Cause goodbye's on the tip of my tongue
Tell me there's a reason to stay 'cause I'm about to get up and run
Better think about the words you say
If you don't wanna end up alone Tell me is there any room for me?
'Cause when it's all said and done babe, I'm tired of singin'
Goodbye's on the tip of my tongue
Goodbye's on the tip of my tongue
Goodbye's on the tip of my tongue

Goodbye's on the tip of my
