Rock and Roll Girl

MxPx

I don't know what to do
I don't know what to say
It hurts me to let go
When she looks at me that way
Oh, can't she see
What she's doing to me?I thought that she was mine
I guess I was wrong
It seems she's changed her mind
Looks like she's moved along
Oh, can't she see
What she's doing to me?Couldn't understand
What she was trying to say
I finally figured out that I was in her way
Now I'm okayShe wasn't too down
With the rock and roll scene
She wasn't too down
With the pain that it brings, oh yeah
She sprouted wings and flew awayI don't know what to do
I don't know what to say
It hurts me to let go
When she looks at me that way
Oh, can't she see
What she's doing to me?Couldn't understand
What she was trying to say
I finally figured out that I was in her way
Now I'm okayShe wasn't too down
With the rock and roll scene
She wasn't too down
With the pain that it brings, oh yeah
She sprouted wings and flew away
