

Smoke Rings In The Dark (Album Version)

Gary Allan

Well I won't make you tell me
What I've come to understand
You're a certain kind of woman and
I'm a different kind of man
I've tried to make you love me
You're tried to find a spark of the flame that burned and
Somehow turned to smoke ring in the darkThe loneliness within me
Takes a heavy toll
'Cause it burns as slow as whiskey through an empty aching soul and
The night is like a dagger
Long and cold and sharp
As I sit here on the front steps
Blowing smoke rings in the darkI- I- I know I must be going
'Cause loves already gone and
All I'm taking with me are the pieces of my heart and
All I'll leave are smoke rings in the darkThe rain falls where it wants to
Wind blows where it will
Everything on earth goes somewhere
But I swear we're standin' still
So I'm not going to wake you
I'll go easy on your heart
I'll just touch your face and drift away
Like smoke rings in the dark
