Patiently

Rose's Pawn Shop

Ever since your love closed down
Boarded up and busted out of town
My hearts an empty stream
You said you needed something new
Go ahead do you want you have to do
Someday you'll return to me

With this faith
That one day you'll be near
With this hope
Keeps me waiting here
So patiently

Still go out but it ain't much fun
Everyone can tell that I still miss someone
It's just so plain to see
Even met a girl or two
It just passing time
There ain't no one like you
So tonight let's raise a glass to want we'll be

With this faith
That one day you'll be near
With this hope
Keeps me waiting here
So patiently
