Crash Test

Cause 4 concern

Some men believe
Animals aren't seen
Testing on their minds
Testing with their lives
You can't believe
Not even perceive
Animals that die
Animals that cry
[Chorus:]
Crash test! So what!
Crash test! So what!
Catastrophes
To the animal species
Politically correct
On animals, to dissect?
What does it mean
When animals can dream?

Destroying a pure life
Only for a price
[Repeat Chorus]
Animals that die
Animals that cry
Testing on their minds
Testing with their lives [x2]
Crash! Test!
Animals that die
Animals that cry
Testing on their minds
Testing with their lives
[Repeat 1st verse, Chorus]
Crash!
