

# Wardead

## Dismember

Lieproducing, crime-saluting  
Humiliating, segregating  
Life-eating, gun-feeding  
Hypocrisy, society  
Warscene overcrowded  
Loss of civil liberties  
Life spilled like blood  
Misanthropical atrocities  
Warmachine is discipline  
Furiously killing clean  
The power addiction  
A lethal infliction  
Raped by bullets  
Innocent dead  
Evidence elimination  
Strategy spread  
Wardead through bloodshed  
Face-up, forgotten corpses  
Unburied  
Wardead
