The Way We Do (part I)

Isyss

That's just the way that we do
'Cause our love is trueLast night, we had a fight
You ran out didn't call, didn't page me
Hangin' out witcha boys knowin'
That they question, "Why we?"On again, off again, enemies then friends
Can't explain the way we do our thing
So I count the daysOne day ain't no thing to me
Two days go by easily
Three days don't know what to do
Four days makin' mad calls to youFive days just like friends again
Six days we make love again
Some don't think our love is true but
That's just the way we do
The way we doAll my girls wanna know why I stay
'Cause it's so damn crazy
24-7 days, we swing
We sway, I leave then I stayConstantly in love some days, I love some days
Can't understand exactly why I stay
But I like it this wayOne day ain't no thing to me
Two days go by easily
Three days don't know what to do
Four days makin' mad calls to youFive days just like friends again
Six days we make love again
Some don't think our love is true but
That's just the way we doOne day it's easy
Two days it's easy
Three days I need help
I find myself making mad calls to youFive days we break up
Six days makin' love
Some don't think our love is true
That's just the way we doDon't know what to do
Oh, so in love with you
They don't understand why I stay
Why I stay, but I like it that wayOne day ain't no thing to me
Two days go by easily
Three days don't know what to do
Four days makin' mad calls to youFive days just like friends again
Six days we make love again
Some don't think our love is true but

That's just the way we doOne day it's easy
Two days it's easy
Three days I need help
I find myself making mad calls to youFive days we break up
Six days makin' love
Some don't think our love is true
That's just the way we doThat's just the way we do
That's just the way we do
