

Until Death Do Us Part

Count Raven

All the sorrows mine
Spitting on all mankind
What is this thing called love
A disgusting thing we all know
You made love to another
That night I cried
In lust You cheated me
That night I died
You say You're sorry
That You love only me
But that night when You did it
You weren't thinking of me
That night I died
Been dead for 15 years
Nursing my hate & tears
I'm sorry I didn't know
But my hate is always slow
One side of me loves You and keeps going on
The other side says no way, this is only wrong
I cannot live in this uncertainty
Love & hate that struggles over destiny
That night I died
I'm living in unharmony
Sitting & watching my TV
Oh God!
They say unfaithfulness doesn't mean a thing
How come that my hate keeps my growing?
Listen!
As old as creation, This thing was sent
I'm the history, Past present
Listen! Past present
Only death will set me free
Living is a mad reality
I'm blind & I can see
Please ends this misery
This eternal prison I feel I've done my time
I want to get out now & make You all mine
Fear that I will one day end the beating of Your heart
How could You forget, Til death do us part

One night you're going to die
And I will cry
