Close To You

Bebe & Cece Winans

I just want to be close to you
Sunshine, moonlight, delight
Just a couple words describing who you are
Lovely, so lovely, want everyone to know
Why I'm in love with you
Patient and strong, always
No matter what I face you've been there
To see me through, just right on time
(Right on)
It took a while to see that your love was true
Now no one can
(Undo)
I belong
(To You)
Until the end
(Of time)
It's good to know
(Good to know You're mine)
And all I want
(To say)
'Til my dying
(Dying day)
I just want to be close to you
Honest and sweet
Heaven is where I want to be
Where I am, when I'm with you
Perfect, yes perfect
It's what you gave all the world to see

Now no one can
(Undo)
'Cause I belong
(To you)
Until the end
(Of time)
Good to know
(You're mine)
And all I want
(All I want to do is say 'til my dying day)

I just want to be close to you
Come on CeCe, follow me
It took a while to see now we know the truth
Now no one can
(Undo)
I belong
(To You)
Until the end
(Of time)
Good to know
(Good to know you're mine)
And all I want
(All I want to say 'til my dying day)
I just want to be close to you
Yeah, yeah, yeah, yeah
How long will you stay?
I just wanna be close to You
