

Swimming Pool (ft. Tom Fleming)

Emmy the Great

Verse 1:

You're so high
You look like a good time
A straight line in the sky
Jump into
Your blue swimming pool
And so clear and so, so new
I reach out and touch you
But you jump in too
Your blue swimming pool

Pre-chorus:

Hey, rich kid
I, I want it
The sunshine, the tan-line
Your good time and
Your blue swimming pool

Chorus:
Love is something that I've always thought
I could never go inside
Now I've seen you here
I don't know how
I even used to be alive
Can I stay here for a while?
Watch you till my heart unwinds
Until I know I won't forget you
In your swimming pool

Pre-Chorus:

Hey, rich kid
I'm here, I want it
The sunshine, your tan-line
The good time, and
Your blue swimming pool

Chorus:
Love is something that I've always thought
I could never go inside
Now I've seen you here
I don't know how
I even used to be alive
Can I stay here for a while?
Watch you till my heart unwinds
Until I know I won't forget you

Chorus:
Love is something that I've always thought
I could never go inside

Now I've seen you here
I don't know how
I even used to be alive
Can I stay here for a while?
Watch you till my heart unwinds
Until I know I won't forget you In your swimming pool
