

Sexual - Oliver Nelson Remix / Radio Edit

NEIKED

You got that thing that I been looking for
Been running around for so long
Now I caught you, I won't let you go
You got that thing that I been looking for
And you got a heart full of gold
And that's really turning me on You are, you are, you are, you are, you are
Everything that I dreamed of, now we can paint a picture
You are, you are, you are, you are, you are
Making my life much greener, yeah yeah Just say you feel the way that I feel
I'm feeling sexual, so we should be sexual
Just say you feel the way that I feel
I'm feeling sexual, so we should be sexual You got something that I ain't seen before
You've opened a million doors
All I can say is I adore you
You got something that I ain't seen before
Hold me 'cause baby, I'm yours
Oh, I can't wait until we get home You are, you are, you are, you are, you are
Everything that I dreamed of, now we can paint a picture
You are, you are, you are, you are, you are
Making my life much greener, so I want to say Just say you feel the way that I feel
I'm feeling sexual, so we should be sexual
Just say you feel the way that I feel
I'm feeling sexual, so we should be sexual I don't know what you done but I can't get enough
'Cause you give me that rush, I don't want it to stop Just say you feel the way that I feel
I'm feeling sexual, we should be sexual
Just say you feel the way that I feel
I'm feeling sexual, we should be sexual
