

Feel Right (feat. J. Hart)

Wolfgang Gartner

My heart is bleeding without you,
don't tell me what you feel like,
I'm barely breathing without you,
and I just wanna feel right,
and I just wanna feel right. I laid alone till around three,
I was hoping you would finally call,
let me know that you need me,
cause you're still the only thing I want,
and I can't wait for ever,
no no,
and it's hard to remember,
what we had it good make it better,
I wanna feel ya, oh I gotta tell you baby,
My heart is bleeding without you,
Don't tell me what you feel like,
I'm barely breathing without you,
and I just wanna feel right,
I just wanna feel right,
I just wanna feel right,
I just wanna feel right,
I just wanna feel right,
My heart is bleeding without you,
Don't tell me what you feel like,
I'm barely breathing without you,
and I just wanna feel right,
I just wanna feel right,
I just wanna feel right,
