

Well...All Right

Buddy Holly

Well all right, so I'm being foolish
Well all right let people know
About the dreams and wishes you wish
In the night when lights are low Well all right, well all right
We'll live and love with all our might
Well all right - well all right
Our lifetime of love will be all right Well, all right, so I'm going steady
It's all right when people say
That those foolish kids can't be ready
For the love that comes their way Well all right, well all right
We will live and love with all our might
Well all right, well all right
Our lifetime of love will be all right
