

Maps

Our Last Night

I miss the taste of a sweeter life
I miss the conversation
Iâ€™m searching for a song tonight
Iâ€™m changing all of the stations

I like to think that we had it all
We drew a map to a better place
But on that road I took a fall
Oh baby why did you run away?

I was there for you
In your darkest times
I was there for you
In your darkest nights

But I wonder where were you?
When I was at my worst
Down on my knees
And you said you had my back
So I wonder where were you?
When all the roads you took came back to me

So Iâ€™m following the map that leads to you
The map that leads to you
Ain't nothing I can do
The map that leads to you
Following, following, following to you
The map that leads to you
Ain't nothing I can do
The map that leads to you
Following, following, following

I hear your voice in my sleep at night
Hard to resist temptation
'Cause something strange has come over me
And now I canâ€™t get over you
No, I just canâ€™t get over you

I was there for you
In your darkest times

I was there for you
In your darkest nights

But I wonder where were you?
When I was at my worst
Down on my knees
And you said you had my back
So I wonder where were you?
When all the roads you took came back to me

So Iâ€™m following the map that leads to you
The map that leads to you
Ain't nothing I can do
The map that leads to you
Following, following, following to you
The map that leads to you
Ain't nothing I can do
The map that leads to you

Oh, I was there for you
Oh, in your darkest time
Oh, I was there for you
Oh, in your darkest nights

Oh, I was there for you
Oh, in your darkest time
Oh, I was there for you
Oh, in your darkest nights

But I wonder where were you?
When I was at my worst
Down on my knees
And you said you had my back
So I wonder where were you?
When all the roads you took came back to me

So Iâ€™m following the map that leads to you
The map that leads to you
Ain't nothing I can do
The map that leads to you
Following, following, following to you
The map that leads to you
Ain't nothing I can do
The map that leads to you
Following, following, following
