Don't Love Me

Jessica Mitchell

I see your face
Across the crowded room
Suddenly,
It's tough to breathe

You say hello and,
You buy my favorite drink
Sure you've got things
To say to me

But honestly...
Please don't hold my hand
Don't give me a chance
I don't need to be let down again

Don't you talk go sweet
Don't know how much better off I'll be
So don't love me
Don't love me

It feel so right,
To talk about the night we met
And how fast we fell
Fell in love

But I remember how
I could barely sleep for days
When you just give up on us

Please don't hold my hand
Don't give me a chance
I don't need to be let down again

Don't you talk go sweet
Don't know how much better off I'll be
So don't love me, oh
Don't love me

It'd be so easy
Go down this road

But it's easier if we don't

Please don't hold my hand
Don't give me a chance
I don't need to be let down again, hey yeah

Please don't hold my hand
Don't give me a chance
I don't need to be let down again

Don't you talk go sweet
Don't know how much better off I'll be, yeah
Don't love me, oh
Don't love me, yeah
Don't love me
Don't love me

I see your face
Across the crowded room
Suddenly,
it's tough to breathe
