Sailboat

Quiet One

I ask myself questions,
About things I donâ€™t wanna know,
And whenever I find purpose,
The answers leave me cold,
And Iâ€™ll always be with you,

Until the very end,
And before the tide comes in,
Iâ€™ll be home againâ€¦

And it takes two to sail up to the moon,
And it takes two to make this feel new
Sailboat, Sailboat,
Sailboat, Sailboat,
Sailboat, Sailboat,
Sailboat, Sailboat

So tell me my darling, have I been the perfect man?
Cusâ€™ Iâ€™m trying so damn hard now, to be the best I can,
And if you can hear this,
I just want you to know,
That it has been a pleasure,
To get to know you girl,

And it takes two, too sail up to the moon,
And it takes two to make this feel new
And it takes two to sail up to the moon,
And it takes two for me to be with you,

Sailboat, Sailboat,
Sailboat, Sailboat,
Sailboat, Sailboat,
Sailboat, Sailboat

Iâ€™ve been living in the dark now, for longer than Iâ€™ve cared.
But when I think of you dear,
Your light comes shining in,

And it takes two,
To sail up to the moon,

And it takes two,
To make this feel new,
And it takes two,
To sail up to the moon,

And it takes me,
To love you
