Not Alone

Darren Criss

I've been alone
Surrounded by darkness
I've seen how heartless
The world can beI've seen you crying
You felt like it's hopeless
I'll always do my best
To make you seeBaby, you're not alone
Cause you're here with me
And nothing's ever gonna bring us down

Cause nothing can keep me from lovin' you

And you know it's true

It don't matter what'll come to be

Our love is all we need to make it throughNow I know it ain't easy

But it ain't hard trying

Every time I see you smiling

And I feel you so close to me

And you tell meBaby, you're not alone

Cause you're here with me

And nothing's ever gonna bring us down

Cause nothing can keep me from lovin' you

And you know it's true

It don't matter what'll come to be

Our love is all we need to make it through I still have trouble

I trip and stumble

Trying to make sense of things sometimes

I look for reasons

But I don't need 'em

All I need is to look in your eyes

And I realizeBaby I'm not alone

Cause you're here with me

And nothing's ever gonna take us down

Cause nothing can keep me from lovin' you

And you know it's true

It don't matter what'll come to be

Our love is all we need to make it through Cause you're here with me

And nothing's ever gonna bring us down

Cause nothing, nothing can keep me from lovin' you

And you know it's true

It don't matter what'll come to be

You know our love is all we need Our love is all we need to make it through
