

Shake The Disease (Depeche Mode tribute)

Hooverphonic

I'm not going down on my knees
Begging you to adore me
Can you see it's misery
And torture for me
When I'm misunderstood
Try as hard as you can
I've tried the hardest I could
To make you see
How important it is for me
Here is a plea
From my heart to you
Nobody knows me
As well as you do
You know how hard it is for me
To shake the disease
That takes hold of my tongue in situations like these
Understand meSome people have to be
Permanently together
Lovers devoted to each other forever
Now I've got things to do
And I've said before
That I know you have too
When I'm not there
In spirit I'll be there
Here is a plea
From my heart to you
Nobody knows me
As well as you do
You know how important is for me
To shake the disease
That takes hold of my tongue in situations like these
Understand meHere is a plea
From my heart to you
Nobody knows me
As well as you do
You know how hard it is for meTo shake the disease
That takes hold of my tongue in situations like these
