

Trouble

Baby Strange

Oh I admit,
I got it wrong,
i'm just so used to being right,I try to hear,
Your point of view,
But I can't open up my mind,I've been running and kicking,
Screaming down streets all my life,I feel nostalgic,
Can you feel it too?
People try to forget what it's like,
To walk down, corridors,
Feeling apprehension by my side,I've been running and kicking,
Screaming down streets all my life,
I'm in trouble when I'm,
Out of time,
I'm in trouble when I'm,
I'm out of life,This place gets you in a craze,
This place gets you in a craze,
The pay fumes get to your brains,
You feel so stuck in the maze,Oh I admit,
I got it wrong,
I'm just so used to being right,
I try to hear you point of view,
But I can't open up my mind,I've been waiting and waiting and waiting for you,
I'm in trouble when I'm,
Out of time,
I'm in trouble when I'm,
I'm out of life,
Waiting and waiting and waiting for you,
Waiting and waiting and waiting for you,When,
This,
All,
Falls through,
I,
Don't,
Wan't,
To lose all,
Lose her,
Lose all,
Lose...,I'm in trouble when I'm,
Out of time,

I'm in trouble when I'm,

I'm out of life.
