yourself

Tim Arnold

You're ritual everyday
A mild shower soak in aftershave
Best clothes do your best
Look in the mirror, go onBelittle yourself, yourself, yourself
Belittle yourself, yourself, yourselfYou go on day after day, oh
Dreaming on a lie
That you keep locked inside
Of yourself, yourself, yourself
Of yourself, yourself, yourselfCan you sleep tonight?
Cast aside for some pouting young pup
Sink into a slurred veneer
Alcoholic haze so nowLeast you can like yourself, yourself
Least you can like yourself, yourselfYou go on day after day
Reservoirs of guilt
That your fixed grin always hidesAnd yourself, yourself, yourself
Of yourself, yourself, yourself
And yourself, yourself, yourself
Of yourself, yourself, yourselfYou look at ad's all day
Everyone is perfect and you're so lame
Free scent burns your skin
But no smell can really cover sinToo many teenage holes to fill
Too many teenage holes to fillYou go on day after day, oh
Speak to your despised
Blanking your loved onesAnd yourself, yourself, yourself
And yourself, yourself, yourself
And yourself, self
