

# Love Ah De Music

## Kes

Mmmm aye yeah, Oh yeah  
Aye aye, Yeah yeah

I just want to have a time, jam and wine  
Let we hol' a vibe, throw some line  
in the body, oh what a feelin'

I want to lose control  
Out and go, satisfy my soul, let things roll  
In the body, I love this feelin'

They say that we wave and jives  
I know we realize  
that we own something thats worth more than gold  
I know I was born for this  
I can't even lie to ya miss  
So every year, every year, every year I tell them the same

Its for the love ah de music, yeah  
I ain't come up for this  
I ain't come down for this  
For the love ah de music, yeah  
I ain't come up for this  
I ain't come down for this

All over the town(Its music)  
All inside the band(Its music)  
Up inside the fence(Its music)  
And I could never refuse it, all over the road(Its music)  
Anywhere you go(Its music)  
Vibes on overload(Its music)  
Sweet Soca Music

I going to find my zone  
Time to roam, no I cant stay home  
Meet me inside the body  
Come catch this feelin  
And when the girl dem wine, thats my time I go join the line  
Jump up with everybody

What a blessed feelinâ€™™

They say that we bump and jive  
But I know we realize  
That we own something that's worth more than island gold

Nobody can pay for this  
I find my eternal bliss  
So every year, every year, every year  
I tell them again

It's for the love ah de music, yeah  
I ain't come up for this  
I ain't come down for this  
For the love ah de music, yeah  
I ain't come up for this  
I ain't come down for this

All over the town(Its music)  
All inside the band(Its music)  
Up inside the fence(Its music)  
And I could never refuse it, all out in the road(Its music)  
Anywhere you go(Its music)  
Vibes on overload(Its music)  
Sweet Soca Music

And every year, every year, every year I tell them the same  
Again and again, oh yeah  
I feel so free, I love what ya do for me oh yeah  
So bring that music(Yeah)  
Cuz we want that music(yeah)  
We defend that music(yeah)  
Sweet Soca music  
Mix up for the world  
Respect well deserved  
My heart is now set, I feel no regret, I still feel the same

It's for the love ah de music, yeah  
I ain't come up for this  
I ain't come down for this  
For the love ah de music(Love ah de music, yeah)  
I ain't come up for this  
I ain't come down for this

All over the town(Its music)  
All inside the band(Its music)

Up inside the fence(Its music)  
And I could never refuse it, all out in the road(Its music)  
Anywhere you go(Its music)  
Vibes on overload(Its music)  
Sweet Soca Music
