

# First

Keri Hilson

[Verse 1:] Momma taught me, taught me good, how to carry myself like a lady  
& I'm listening and understood that these dudes be trippin man but I got the upperhand

Ain't no slick talkin, fast walkin make me break my rules  
Won't you givin now my number, til my momma says it's cool  
Cause were ladies never chasing, always keep on waiting  
Oh do you here me? Now listen clearly

[Chorus:] Don't be the first to call (first to call) make him wait  
Don't be the first to move (first to move) hesitate  
Why told me rules to the game  
Nothing's change, yes it's true  
Can't be the first to call, no  
No, for for me

[Verse 2:] You live by these words I won't give if you don't earn  
I hit the game, and I ain't no lame  
And if you wanna get to know me, boy you gotta show me  
Ain't no slick talkin, fast walkin make me break my rules

Won't you givin now my number, til my momma says it's cool  
Only waiting keeps from stressing always keep on guessin  
Oh do you here me? Now listen clearly

[Chorus:] Don't be the first to call (first to call) make him wait  
Don't be the first to move (first to move) hesitate  
Why told me rules to the game  
Nothing's change, yes it's true  
Can't be the first to call, no  
No, for for me

Fall from you, don't be, don't be, the first to fall  
Fall from you, don't be, don't be, the first to fall

[Chorus:] Don't be the first to call (first to call) make him wait  
Don't be the first to move (first to move) hesitate  
Why told me rules to the game  
Nothing's change, yes it's true  
Can't be the first to call, no  
No, for for me
