

# Multiple Love

## Paper Aeroplanes

I don't believe in multiple love  
Once I had gold but we left it to rust  
So maybe there's two and maybe it's you  
But I don't go quietly into the blue

'Cause I am happy alone  
I am happy alone  
And I don't need another half  
When I am whole  
But maybe persuade me  
And I'll do the best that I can  
Ohhhhhhhh

I don't believe in wasting your time, no  
Trying hard when I know it's not right  
So let's call it quits while we're still playing nice  
And if you remember at Christmas still write

But I am happy alone  
I am happy alone  
And I don't need another half  
'Cause I am whole  
But maybe persuade me  
And I'll do the best that I can  
Oh I'll do the best that I can  
Ohhhhhhhh

I still believe in love at first sight  
The skip of your heart and that flicker of light  
So maybe there's two and maybe it's you  
But I don't go quietly into the blue

'Cause I am happy alone  
I am happy alone  
And I don't need another half if I am whole  
But maybe persuade me  
And I'll do the best that I can  
Oh, I'll do the best that I can  
Ohhhhhhhh
