Dirty Boy

Cardiacs

Whoa, yeahShe came walking in like a vision, everybody's school boy dream
Ooh yeah, she could be my teacher, ooh yeah, she could be my queen
Me and the boys, we stopped talking, she came walking through
And one by one the subject got around, yeah, got around to you, thank GodI've got no secrets, I've got no clue
And all I really wanna do, is get next to you
You know what the world's about, and I'll be your dirty boyWell, your clothes are made by designers, you only wear the best perfume
You're so cold and chique, yeah, you're so unique
But when it comes to me, don't think that you're immune, noI've got no answers, I've got no doubt
I know you wanna show me baby, what the world's about
Don't treat me like I broke your toy, and I'll be your dirty boyI've got no secrets, I've got no clue
And all I really wanna do, is get next to you
You know what the world's about, and I'll be your dirty boyI've got no answers, I've got no doubt
I know you wanna show me babe, what the world's about
Don't treat me like I broke your toy, and I'll be, be your dirty boy
Be your dirty boy, I wanna be your dirty boy, ooh yeahI wanna be, I wanna be, I wanna be your dirty boy
Be your dirty boy, yeah
I wanna be your dirty boy, be your dirty boy
