Do You

SoMo

Good morning, y'all
You know that feeling
That feeling you get when you're in love
Well it sounds a little like thisWhen I wake up and you're next to me
Gotta pinch myself cause you're a dream
You're beautiful, you're heavenly
Then you wake up with that smiling face
I know that I'm in the perfect place
And you know that you're my saving graceI do it all for you, I do it all for us
The stars in the sky can't amount to my love
Ain't no cloudy days, just sweet lemonade
You're the perfect addition to my every wish
And I pray for that day you come around
And I'll say, "I do it all for you, I do it all for us
My heart is alive because of your love"When you come home from a hard day
And I tell you that it'll be okay
It's so beautiful, it's so heavenly
Then you kiss my lips and turn off the lights
And you trust me cause I'm still by your side
And I say, "Honey, I'll never leave you babe"I do it all for you, I do it all for us
The stars in the sky can't amount to my love
Ain't no cloudy days, just sweet lemonade
You're the perfect addition to my every wish
And I pray for that day you come around
And I'll say, "I do it all for you, I do it all for us
My heart is alive because of your love"Your love, your love, your love
Your love, your love, your loveI do it all for you, I do it all for us
The stars in the sky can't amount to my love
Ain't no cloudy days, just sweet lemonade
You're the perfect addition to my every wish
And I pray for that day you come around
And I'll say, "I do it all for you, I do it all for us
My heart is alive because of your love"
