

# Slide

## Slave

They call me Drac  
yeah how come baby  
I ain't gone bite cha, i just want you to hang on  
Alright, it sounded like a empire to me  
Yeah, slide to me  
Won't you come away ?  
Don't worry baby, everything's ok  
You can't run the game, if you don't know my name  
I'll take you where you've never been before  
There's something for ya, a whole lot more  
You ain't got to sneak, everyone knows your a freak  
Slide, Slide, Slide  
Yeah, baby baby, slide, slide, slide, slide, slide,  
Why don't you slide, yeah yeah, now now  
Don't be afraid 'cause your gonna be laid  
I need you now don't let me down  
Your a low down lady, but your game is kinda shaky  
Be around when you want to get down  
Alright, i like that, i let my grand mother check that out  
Slide, Slide, slide, slide, slide, slide, slide, slide  
Why don't you slide  
Youe can slide, don't think im on it  
Youe can slide, don't think im on it  
Youe can slide, don't think im on it  
Youe can slide, don't think im on it  
Why don't you slide
