Someone

Dht

You can't eat, you can't sleep
You can weep when you love someone
It feels extreme when you dream
An' you scream when you love someoneIf you feel that strong
Can you see that one
Let me be yourSomeone to hold you tight
Someone to make you feel all right
Every day and night
I wish I was your someoneSomeone to hold you when you're weak
Someone to make you feel complete
Every day and night
I wish I was your someoneDon't you know, I will go
If you show that I can break through
It feels extreme when you dream
And you scream when you love someoneIf you feel that strong
Can you see you're the one
Let me be yourSomeone to hold you tight
Someone to make you feel all right
Every day and night
I wish I was your someoneSomeone to hold you when you're weak
Someone to make you feel complete
Every day and night
I wish I was your someoneAnd I hold you tight, you're still on my mind
I can't stand to live without you
And I can't forget you
Wherever you are, you're still on my mindSomeone to hold you tight
Someone to make you feel all right
Everyday and night
I wish I was your someoneSomeone to hold you when you're weak
Someone to make you feel complete
Every day and night
I wish I was your someoneSomeone to hold you tight
Someone to make you feel all right
Every day and night
I wish I was your someone
