

# The Vagabond

## Teddy Tahu Rhodes

Golden waves  
In all directions  
I could lose my soul right here Colour lights  
On the runway  
Makes a stranger feel unchained I'm running after time and I miss the sunshine  
Summer days will come happiness will be mine  
I'm lost in my words I don't know where I'm going  
I do my best I can not to worry about things I feel loose  
I feel haggard  
Don't know what I'm looking for Something true  
Something lovely  
That will make me feel alive I'm running after time and I miss the sunshine  
Summer days are not so far everything's  
Gonna be fine
