

Johnny Guitar

The Runaways

I got myself a bad lover
His name is Johnny Guitar
LookoutGo for it Johnny
All night long
Go for it Johnny
That's where I'm coming fromMy fingers roll his body
Making him scream
And I'm lost in a metal dreamGo for it Johnny
All night long
Go for it Johnny
That's where I'm coming fromHot hands on his wet neck
I'm a hunter, he's my gunGo for it Johnny
All night long
Go for it Johnny
That's where I'm coming from
