

# Promise Me

## Luther Vandross

I can only speak for  
The things that I've been through  
So when it comes to our love  
I'll talk the whole night through  
About the lovin' I've been missin'  
Lately, baby I ain't had no kissin'  
Don't you love me  
Can we stay together?  
Like when we used to be in love  
But now you've got your head on another cloud  
Girl, we had a good thing  
But now you've turned around  
Don't you even care how this love  
We've had turns out  
Promise me, you'll leave me never  
That we'll be in love forever  
Promise me, you'll leave me never  
And that we'll be in love forever  
We can work at our love  
And make it all brand-new  
If we stay together  
There's nothing we can't do

Improve the lovin' is what I'm seeing  
Let's do it, baby  
Don't fight the feeling, won't you love me?  
Can we stay together?  
Like when we used to be in love  
But now you've got your head on another cloud  
Girl, we had a good thing  
But now you've turned around  
Don't you even care how this love  
We've had turns out  
Promise me, you'll leave me never  
That we'll be in love forever  
Promise me, you'll leave me never  
And that we'll be in love forever  
Forever, ever, promise me you'll leave me never  
Won't you promise me?

(That you'll leave me never)  
Promise me, forever and ever and ever  
Forever, ever, promise me you'll leave me never  
    Won't you promise me?  
(That you'll leave me never)  
Promise me, forever and ever and ever
