My Eyes

Blake Shelton

Those high heels with that sun dress
Turquoise heart hangin 'round your neck
Red lips like wine, wanna drink 'em up
And keep on drinkin' 'til you make me drunk
Tied up here, wanna let it down
And just let the rest fall to the ground
You take beautiful to the max
Can't help myself when you look like that
Come a little closer, come a little closer
Come a little closer, girl the way you look tonight
My eyes are the only thing I don't wanna take off of you
Come a little closer, come a little closer
Come a little closer, love the way you look tonight
My eyes are the only thing I don't wanna take off of you
There's a million stars dancin in the sky
A picture perfect moon so bright
But I don't care, I'm lookin at you
From where I stand you can beat the view

Come a little closer, come a little closer
Come a little closer, girl the way you look tonight
My eyes are the only thing I don't wanna take off of you
Come a little closer, come a little closer
Come a little closer, love the way you look tonight
My eyes are the only thing I don't wanna take off of you
My eyes have seen
Some amazing things
But girl, my eyes ain't seen
Nothing quite like you, hey baby
Come a little closer, come a little closer
Come a little closer, girl the way you look tonight
My eyes are the only thing I don't wanna take off of you
Come a little closer, come a little closer
Come a little closer, love the way you look tonight
My eyes are the only thing I don't wanna take off of you
Come a little closer, come a little closer
Come a little closer, love the way you look tonight
My eyes are the only thing I don't wanna take off of you
