Tender Love

Jay R

Here I lay all alone, toss and turning
Longing for some of your tender love
Im waiting for the right moment to come
So I can thank you for all the tender love youve given to me

CHORUS:
Tender love
Love so tender
Holding me close to you
Lady I surrender
Candles they light the dark, now I see
How lovely the feelings are
All the tender love youve given to me

I want you more and more
Can resist
The warmth when I feel your touch
Tender love
Share with me straight from the heart
Please let me be apart
All the tender love youve given to me

CHORUS

Every time I hold you its like the first time
And every time I think about you
I just lose my mind
This is an everlasting love
That will always stand the test of time
Youre a priceless jewel
Youre my only girl
Youre my tender love

I cant resist your tender love
You know how much it means to me
Just let our bodies intertwine
Tonight is your night
I wanna make it so right
