

# Loadies

## Kottonmouth Kings

Yeah we some west side high ridaz

We reel you a fool for this one

Up in smoke until the day we die, we stay high

To all the smokers and the tokers from around the way, we goin' up in smoke like every day cause we Loadies,  
Loadies, Loadies, Loadies, Loadies.

To all the smokers and the growers all across the land, we goin? up in smoke until we free the plant cause we  
Loadies, Loadies, Loadies, Loadies, Loadies.

I?m a stoner call me a loadie, a big time toker, high times roadie, you got some good weed? Call me; show me  
I?ll be right there with some glass and a 40. A burnt out slacker, new age Spicolli, \*was sup dudes\* my slight  
speech slowly, hear the bud talkin? somebody roll me. Fire it up, smoke me, somebody smoke me.

What it is and what it was you know we?re puffin on this shit we got the biggest and the greatest shit the king  
Kong spliffs, pack another rip so I can blow it up in the track don?t be nicer to the beats you can hear us with  
the rap. You know we get a fifth, and rippin' when were clippin', in the pool smoking chronic yeah you know  
we like spittin? stop trippin', stop trippin? man. You could catch a feelin' when I?m spittin' smokin' chronic  
To all the smokers and the tokers from around the way, we goin' up in smoke like every day cause we Loadies,

Loadies, Loadies, Loadies, Loadies.

To all the smokers and the growers all across the land, we goin' up in smoke until we free the plant cause we  
Loadies, Loadies, Loadies, Loadies, Loadies.

If you like to smoke chronic and stay real high, we goin? up in smoke until the day we die  
?Cause we loadies, loadies, loadies, loadies, loadies.

You can smell the sweet leaf when I enter the room, you know Richter?s got the bomb that make your head got  
BOOM, the crazy kryptonite, super, super triple A plus, the type of bud that got everybody wantin? to blaze  
with us, so would ya pick it pick your pipe up and pack a bowl, or roll up a fat blunt so we all can smoke. And  
that?s the shit right there I said deaf not, deaf, fuck it he can?t hear.

L-o-a-d-I-e- Loadies, L-o-a-d-I-e- Loadies, L-o-a-d-I-e- Loadies, L-o-a-d-I

Yeah we smokin? weed, yeah, yeah we smoking weed, yeah we smokin? weed yeah, yeah we smokin? weed,  
yeah we smoke we yeah, yeah we smoking weed.  
Have you smoked the weed?
