

# Sound of Destruction

## The Cult

Got a fist full of ice  
Got a head full of speed  
Got a fist full of ice  
Got a head full of speed  
I hear the sound of destruction  
I smell a rose of seductionGot a fist full of ice baby  
Got a head full of speed  
Just gimme what I want now  
Just gimme what I needI don't fear anyone  
Stray dog fighting  
haters run  
I got lighting in my eye  
I ain't no dirty suicideI don't fear anyone  
Stray dog fighting  
haters run  
I got lighting in my eye  
I ain't no dirty suicideIn this world full of ice  
Truth is just a disease  
A cheap way to please  
So stop pleasing meWe're on the path of destruction  
We're right up for destruction  
Got a fist full of ice  
Got a head full of speedI don't fear anyone  
Stray dog fighting  
haters run  
I got lighting in my eye  
I ain't no dirty suicideI don't fear anyone  
Stray dog fighting  
haters run  
I got lighting in my eye  
I ain't no dirty suicide
