

# Down By the Shack, By the Sea

**Don Ho**

Down by the shack by the sea,  
There's a bunch of jolly good boys you will see.  
They swim and play all day.  
To pass the time away,  
Down by the shack by the sea

You run into the boys from the shack by the sea  
You'll see them when your ship sails out to sea  
They'll be waiting for  
Just a little fee  
Down by the shack by the sea

Down by the shack by the sea  
There's a bunch of jolly good boys you will see  
They swim and play all day  
They pass the time away  
Down by the shack by the sea
