

Get Up and Go

Joy Kills Sorrow

 this is my last goodbye
 get up and go-oo-woah
 i wanna know what it's like
 get up and go-oo-woah
 ain't gonna wait around and die
 get up and go-oo-woah

it's not enough to survive if you're losing your mind just to believe in it
come on and put yourself in danger
 don't answer if anyone calls

 come on and put yourself in danger
 don't answer if anyone calls
 i know how hard you tried
 get up and go-oo-woah
 you wanna know what it's like
 get up and go-oo-woah
 don't let it bury you alive
 get up and go-oo-woah

just leave it all in the past it's gonna happen so fast you won't even feel it
come on and put yourself in danger
 don't answer if anyone calls

 come on and put yourself in danger
 don't answer if anyone calls
 come on and put yourself in danger
 don't answer if anyone calls

 don't answer if anyone calls
 this is our last goodbye
 get up and go-oo-woah

so lets cut to the chase there's no time to waste, you better believe me
come on and put yourself in danger
 don't answer if anyone calls

 come on and put yourself in danger
 don't answer if anyone calls
 come on and put yourself in danger
 don't answer if anyone calls
 come on and put yourself in danger
 don't answer if anyone calls

 don't answer
 don't answer
 don't answer
 don't answer if anyone calls
