

# Good to Be King (feat. Willyecho)

Kevin McAllister

Build my kingdom  
Brick by brick  
On the backs of lesser man  
I was born to take my turn  
Finders keepers  
Every knee is on the ground  
Kiss the ring and fear the crown  
Don't forget who runs this show  
Everyone knows  
It feels good to be king  
It feels good to be king  
It's a long way to the top  
I am still here  
And a long way down  
But I'm not scared  
Good to be king  
Yeah it's good to be king  
Shine like gold  
Burn that fire  
Fought a way to an empire  
Good to be king  
History won't make itself  
Sometimes they just need some help  
Every legend  
Every throne  
Need's a hero  
It feels good to be king  
It feels good to be king  
It's a long way to the top  
I am still here  
And a long way down  
But I'm not scared  
Good to be king  
Yeah it's good to be king  
Shine like gold  
Burn that fire  
Fought a way to an empire  
Good to be king  
I'm bad bad man

Doing bad bad things  
I'm bad bad man  
Doing bad bad things  
It feels good to be king  
It feels good to be king  
It's a long way to the top  
I am still here  
And a long way down  
But I'm not scared  
Good to be king  
Yeah it's good to be king  
Shine like gold  
Burn that fire  
Fought a way to an empire  
Good to be king
